Course Directors:

Robert McBane, MD and Rajiv Pruthi, MBBS

Co-Course Directors:

Amy Pollak, MD, Fadi Shamoun, MD, and Waldemar Wysokinski, MD, PhD

April 20, 2016

Dear Exhibitor:

On behalf of the Mayo Clinic Divisions of Cardiovascular Diseases and Hematology, Department of Internal Medicine, and Mayo Medical Laboratories (in cooperation with Mayo Continuing Nursing Education), we are pleased to announce *Clinical and Laboratory Update in Thrombosis and Anticoagulation* conference to be held September 7-9, 2016, at the Sawgrass Marriott Golf Resort & Spa, Ponte Vedra Beach, Florida.

Full conference information will be available online soon.

The conference will feature didactic sessions, panel/case discussions and opportunities for course participants to learn more about your products and services in the exhibit hall.

This program is designed for practicing clinicians, primary care providers, hematologists, cardiologists, neurologists, hospitalists, vascular medicine specialists, nurse practitioners, pharmacists, physician assistants, nurses, and laboratory scientists and technologists whose practices and interests include aspects of thrombotic disorders. We look forward to hosting attendees from across the United States.

Space has been reserved at the Sawgrass Marriott Golf Resort & Spa for product exhibits during the conference on September 7th, 8th, and 9th. Exhibitors will be able to have displays during all 3 days for the morning and during the afternoon breaks on the 7th and 8th. Lunches will be conducted in the Exhibit Hall as well.

We are extending participation invitations to companies providing diagnostic and therapeutic products for patients with thrombotic disorders. Your company is invited to participate in the conference by providing an exhibit fee in the amount of \$2,500. Included with the exhibit fee is an 8x10 booth space, pipe and drape, electricity, a table, chairs (if indicated), as well as breakfast and lunch provided on all 3 days of the conference. This fee does **not** include participation in the lectures, and representatives wishing to sit in on these sessions must register for the conference. All exhibitors will be acknowledged in conference materials, on the conference Web site, and at the conference. As an organization approved by the Accreditation Council for Continuing Medical Education (ACCME) to provide accredited CME, Mayo Clinic conducts such programs in accordance with the policies/guidelines of that organization. As indicated in the ACCME Standards for Commercial Support live promotional activities will be kept separate from the CME.

If you are interested in exhibiting at this program, please see the additional information attached and complete and return the forms as indicated – by **Friday, August 12, 2016**.

If you have any questions about this conference or need additional information, please contact:

Janice Bergquist, Education Specialist
Phone: 507-266-0430
Email: bergquist.janice@mayo.edu

Should there be an additional person to whom we should correspond, please let us know at your earliest convenience. We are excited about this program and hope that you will join us in Florida this September.

Sincerely,

The Conference Planning Committee -

Robert D. McBane, MD, Course Director
