

WILLIAM G. MORICE, II, M.D., PH.D.

[William G. Morice, II, M.D., Ph.D.](#), is Chair of the [Department of Laboratory Medicine and Pathology](#) at [Mayo Clinic](#) in Rochester, Minnesota, and President of [Mayo Medical Laboratories](#). He is a Consultant and past chair of the [Division of Hematopathology](#) at Mayo, with a joint appointment in the [Division of Anatomic Pathology](#). He holds the academic rank of Associate Professor of Laboratory Medicine and Pathology.

As an expert in diagnostic hematopathology, flow cytometry, and T and NK cell biology, among other topics, Dr. Morice is sought after as a national and international lecturer and visiting professor. He was the first Mayo Clinic hematopathology consultant invited to participate in the prestigious Weill Cornell Medical College Tutorial on Neoplastic Hematopathology.

Additionally, as an active educator and mentor, Dr. Morice teaches residents, fellows, and allied health staff the analytic approach to the diagnosis of benign and malignant hematolymphoid disorders.

Dr. Morice has written more than 160 peer-reviewed articles, book chapters, and abstracts. He received his Bachelor of Science degree in biochemistry from [Indiana University](#) and earned his M.D./Ph.D. (immunology) degrees from the [Mayo School of Graduate Medical Education](#). Dr. Morice completed a preliminary residency year in internal medicine, a combined residency program in anatomic pathology and clinical pathology, and fellowships in surgical pathology and hematopathology—all at the Mayo School of Graduate Medical Education.

MARIE E. BROWN

Marie E. Brown is Associate Administrator for the Department of Laboratory Medicine and Pathology at [Mayo Clinic](#) in Rochester, Minnesota, and Vice President of [Mayo Medical Laboratories](#) (MML). MML is the third-largest provider of esoteric laboratory services in the United States and serves more than 4,000 clients in 130 countries.

Throughout her 30 years with Mayo Clinic, Ms. Brown has provided invaluable support to various divisions in the Department of Medicine, Department of Ophthalmology, and the Department of Administration. Ms. Brown has also served as administrator for a number of management and governance committees at Mayo Clinic, such as the Clinical Practice Committee, Rochester Administrative Leadership Team, Administrative Committee of the Board, and the Mayo Clinic Rochester Executive Board.

Ms. Brown's awards and honors are highlighted by the Mayo Clinic Excellence in Leadership Award in 1996, the Mayo Excellence in Teamwork Award in 2011, and she was named a Distinguished Mayo Administrator in 2003—an extremely high honor in the organization.

Ms. Brown earned her Bachelors of Arts degrees in biology and chemistry, magna cum laude, from the College of Saint Teresa in Winona, Minnesota. She completed an internship at the Tri Hospital School of Medical Technology in Dubuque, Iowa, and has been certified by the American Society of Clinical Pathologists as a medical technologist. Ms. Brown also holds a Master of Business Administration degree from the University of Phoenix.

CURTIS A. HANSON, M.D

[Curtis A. Hanson, M.D.](#), is a Consultant in the Division of Hematopathology at [Mayo Clinic](#) in Rochester, Minnesota, where he holds the academic rank of Professor of Laboratory Medicine and Pathology. He is the Vice Chair of Extramural Laboratory Affairs within the Department of Laboratory Medicine and Pathology (DLMP) and the Chief Medical Officer of [Mayo Medical Laboratories](#) (MML). MML is the third-largest provider of esoteric laboratory services in the United States and serves more than 4,000 clients in 130 countries.

Dr. Hanson is a nationally and internationally recognized hematopathologist with expertise in bone marrow pathology with emphasis on translational research related to the study and understanding of hematologic diseases. His particular areas of interest have focused on chronic lymphocytic leukemia and the myeloproliferative neoplasms. More recently, Dr. Hanson has focused his clinical and academic interest on the role of the clinical laboratory in providing appropriate test utilization and how clinical laboratories need to adapt to a value-based reimbursement environment.

Dr. Hanson is also recognized for his laboratory-management skills in the clinical laboratory and has served as laboratory director for a variety of clinical laboratories during his career, including general hematology, flow cytometry, and cytogenetic laboratories, and he was the overall laboratory director for Mayo Clinic laboratories during his previous tenure as chair of Mayo's DLMP.

Dr. Hanson's many honors include an Excellence in Leadership Award from Mayo Clinic. He has published more than 400 peer-reviewed scientific articles, book chapters, and abstracts.

Dr. Hanson completed his undergraduate studies at Nebraska Wesleyan University, and he earned his medical degree from Carver College of Medicine at the [University of Iowa](#). He completed his residency in anatomic and clinical pathology and a fellowship in hematopathology at the University of Minnesota.
